TO MAKE A TWISTED CORD
Method requires two people. Take as many strands of yarn as required, approximately three times the length required for the finished cord. Knot each end and slip a pencil between strands. Each person holds yarn just below pencil with one hand and twists pencil clockwise with other hand, keeping yarn taut. When yarn begins to kink, catch centre over door-knob or back of chair. Bring pencils together for one person to hold, while other person centre of yarn, sliding hand down and releasing at short intervals, letting yarn twist. Knot ends to prevent unravelling.

**FLAT SEAM**

This method is sometimes used for knitted garments but more often for crochet garments. A flat seam may be worked from either the right or the wrong side of the work. Place the 2 pieces of fabric evenly together and sew stitch by stitch, always bringing the needle up from underneath to top though the centre of the stitch, then in same manner through corresponding stitch on second piece.

Note - Diagram shows knitted fabric, but method is the same for knitting or crochet. Always keep work elastic - there should be as much stretch in your seam as there is in the rest of your garment.

EMBROIDERY

Using C3, oversew along ridge formed by loops of 4th round left free, taking one stitch through each loop. Using C5, work herringbone stitch over C2 stripe. Using C2, work cross stitch on C5 stripe. Using C5, work bullion stitch on top C4 stripe.

CROSS STITCH EMBROIDERY

Note – Diagram shows knitted fabric, but method is the same for knitting or crochet.

Each square on your graph represents one stitch. It is a good idea before beginning to colour in the graph in the colours to be used.

Begin on the left-hand side.

1. Using a tapestry needle or knitting needle, bring the needle from the back through the space to the left of the stitch to be covered.

2. Take needle back through the space to the right of the stitch above the one being covered.

3. Bring needle from back through the space to the left of the next stitch.

Repeat from * following graph for required number of stitches (don't pull yarn too tightly or the work will pucker). If you find it difficult to work the stitches loosely enough, you may prefer to work 2 and 3 as separate operations.

Begin second half of row on right-hand side of graph and work back the other way to complete crosses.

To stop yarn from twisting and tangling as you work, drop needle at back after every few stitches and let it hang freely until the yarn unwinds.

MAKE UP
DO NOT PRESS. Using a flat seam, join leg and foot seams. Fold over cuffs.

BULLION STITCH
Pick up a Back Stitch, the size of the Bullion Stitch required, bringing the needle point out where it first emerged, do not pull the needle through the fabric. Twist the thread round the needle point as many times as required to equal the space of the Back Stitch. Hold the left thumb on the coiled thread and pull the needle through; still holding the coiled thread, turn the needle back to where it was inserted (see arrow) and insert in same place. Pull thread through until the Bullion Stitch lies flat. Use a needle with a small eye to allow the thread to pass through the coils easily. Arrange a circular group of Bullion Stitches to make a Grub Rose.

HERRINGBONE STITCH
Bring the needle out on the lower line at the left side and insert on the upper line a little to the right, taking a small stitch to the left with the thread below the needle. Next, insert the needle on the lower line a little to the right and take a small stitch to the left with the thread above the needle. These two movements are worked throughout.

Next row - (K3, P1) twice, K3 ... 11 sts.  
Break off yarn, run end through eye of st, draw up tightly and fasten off securely.  

**MAKE UP**  
DO NOT PRESS. Using a flat seam, sew last cast on st to sides of triangle to form back of slipper. Join toe seam, leaving 5 (8-9) cm free for ankle. Using cardboard 3 cm in diameter with a 1 cm hole, make 6 to 8 pom-poms in each colour and sew around ankles as illustrated.  

---  

**POM-PONS**  
To make a pom-pon, cut two circles of cardboard, the diameter depends on the size of the pom-pon to be made, and should be equal to the size of the finished pom-pon plus approximately 1.25 cm for trimming, plus the diameter of the centre hole, e.g. for a pom-pon 4 cm across, the circles would be 4 cm, plus 1.25 cm, plus 1.25 cm for centre hole, equals 6.5 cm. Cut a round hole in the centre, the size of the hole is approximately a quarter of the finished pom-pon. Wind the yarn round and round the cardboard until the centre hole is completely filled up. Place the point of a pair of scissors between the two circles of cardboard and cut around, keeping the scissors between the cardboard all the time. Using a double strand of yarn, wrap round between the two circles of cardboard, knot firmly, and take away cardboard. Trim pom-pon.  

---  

**FRENCH KNOTS**  
Bring the thread out at the required position, hold the thread down with the left thumb and encircle the thread twice with the needle (A). Still holding the thread firmly, twist the needle back to the starting point and insert it close to where the thread first emerged. Pull thread through to the back and secure for a single French Knot, or pass on to the position of the next stitch (B).

If you wish to substitute PATONS 3 PLY FAIRYTALE, the quantities of yarn required should be the same and you will probably need to use needles 1 size smaller.

If you wish to substitute PATONS BABY NYLON 3 PLY, the quantities of yarn required should be the same.

For 4 PLY FEATHERSOFT – If you wish to substitute PATONS DREAM TIME BABY WOOL 4 PLY, you may require a little extra yarn.

For BLUEBELL CREPE 5 PLY – If you wish to substitute PATONS FIRESIDE 5 PLY, the quantities of yarn required should be the same and you will probably need to use needles one size smaller.

If you wish to substitute PATONS TASMAN 5 PLY (100g balls), you will require approximately one-third of the quantity stated and you will probably need to use needles one size smaller.

Always check your tension carefully before beginning. Check ball bands for pressing instructions.

THE Patons STAR ★ RATINGS TO HELP YOU CHOICE THE PATTERN SUITED TO YOUR ABILITY

One star says this is a beginner level of knitting and crochet. Basic stitches only, with simple shaping.

★★ Two stars mean easy knitting and crochet, with some fancy patterns such as shells, mesh, simple 2 colour patterns and cables.

★★★ Three stars are for advanced knitters and crochet workers, requiring some specialised knowledge such as Fair Isle, Aran and more complicated lace patterns.

★★★★ Four stars signal a challenge. There can be make-and-lose patterns, complicated shaping, and any technique that requires a higher level of concentration.

★★★★★ The letter P after any star grouping suggests that an additional degree of patience is required for a quality finish.

HELPFUL HINTS
Neatening the side edge of your cast-on. Before slipping the last cast-on stitch on to the left-hand needle, pass the yarn from back to front between the points of the two needles, then slip the stitch on to the left-hand needle. This prevents a curved edge on the last stitch.

SLIP-STITCH
This is the method used for turning up hems or stitching double neckbands in place. Work 1 stitch into each cast-on or cast-off stitch to be sure that the work will be elastic. Always be sure that the stitches follow up evenly and do not form a crooked line.

Using back-stitch, join foot and centre back seams. Fold patt section in half on to wrong side and slip-stitch in position.

KNITTING UP STITCHES
This is the method used for neckbands, armhole bands, etc. Hold work in left hand with right side facing you. Hold working needle and yarn in right hand. Insert point of needle through work from front to back. Wrap yarn round point of needle and knit a stitch.
When working along a cast-off edge, insert needle under both loops of cast-off stitch, and knit up one stitch in each cast-off stitch.
(Diagram A)
When working along side edge, insert needle inside one full stitch from the edge (i.e. behind 2 loops of stitch, not just the edge loop).
(Diagram B)
You will find along this edge that there is alternately one long and one short stitch. If you require less stitches than there are rows along this edge, always knit up through the short stitches and omit some of the long stitches. (Diagram C)
Before commencing, always count the number of rows you have and compare it to the number of stitches you require, then you will be able to make any adjustments evenly along the length of the work.
If you find it difficult to knit up stitches neatly, try using needles 1 or 2 sizes smaller than those in the instructions - but do not forget to change back to the correct size for knitting the band.

Some knitters use a crochet hook to pull the stitches through, slipping them one at a time on to the needle.

**CASTING ON FOR K1, P1, RIB**

This is a variation of the two-needle method of casting on, and gives a very neat and elastic edge. It is not suitable for any rib other than K1, P1.

First you will need to read the first rib row, as this will determine how you start your casting on.

1. If you need an uneven number of stitches and the first row reads "K2," *P1, K1, rep from * to last st, K1." — Make a slip loop and place it on left-hand needle. Insert right-hand needle into loop knitsways and knit a stitch, slip the stitch thus made on to the left-hand needle.

2. "Insert right-hand needle purways between last 2 stitches and pur a stitch (diagram 1), slip the stitch thus made on to left-hand needle (taking care not to twist the stitch). Insert right-hand needle knitsways between last 2 stitches and knit a stitch (diagram 2), slip the stitch thus made on to left-hand needle, rep from * for required number of stitches, ending with 2 knit stitches (before slipping the last stitch on to your left-hand needle, bring your yarn forward between the two needles — this will keep the edge of your work neat)." – Work as for method 1, but end with 1 knit stitch instead of 2.

3. If you need an even number of stitches and the first row reads "K1," *P1, K1, rep from * to end." — Make a slip loop and place it on left-hand needle. Insert right-hand needle into loop purways and pur a stitch, slip the stitch thus made on to left-hand needle (taking care not to twist the stitch).

4. "Insert right-hand needle knitsways between last 2 stitches and knit a stitch (diagram 2), slip the stitch thus made on to left-hand needle, insert right-hand needle purways between last 2 stitches and pur a stitch (diagram 1), slip the stitch thus made on to left-hand needle (taking care not to twist the stitch), rep from * for required number of stitches, ending with 1 knit stitch (before slipping the last stitch on to your left-hand needle, bring your yarn forward between the two needles — this will keep the edge of your work neat)." – Work as for method 3, but end with 2 knit stitches instead of 1.

MAKE UP
DO NOT PRESS. If desired, using Knitting Stitch and C, embroider sides of socks from Graph. Using a flat seam, join cast-off sts tog at toe. Using back-stitch, join foot and centre back seams, reversing seam for cuff. Fold cuff to right side at edge and sew in position with a line of back-stitch at top of cuff section, enclosing elastic as you go (take care that elastic is not too tight for baby's leg).

KNITTING STITCH EMBROIDERY
Interest can be added to garments with Knitting Stitch embroidery – this is very easy to do, especially if you do the embroidery before you sew up the garment. Knitting stitch is worked over each knitted stitch with a contrasting colour. It is necessary to use yarn of the same thickness as the knitted garment. Be careful not to pull the stitch too tightly and it will cover the existing stitch completely.
A completed stitch looks like a "V". Each square on the graph represents one stitch. It is a good idea, before beginning, to colour in the graph in the colours to be used.

Begin at lower edge of graph, on the right-hand side.

Using a tapestry or knitter's needle, bring the needle from the back through the centre of the stitch below the one to be covered.
* Take needle from right to left under both strands of stitch above the one to be covered.
Bring needle back to the start of the stitch, take needle behind 2 strands in row below and across into the centre of next stitch. You repeat from * following graph for required number of stitches. To finish, bring needle back to the start of the stitch and through to the back of the work.
To begin the second row – Bring needle from back to centre of stitch below the one to be covered. Working from left to right pick up both strands of stitch in row above the one to be covered.
Take needle back to beginning of stitch, pick up 2 strands which brings the needle across into centre of next stitch. When working stitch above one worked in the previous row your needle will come up in the centre of this worked stitch. Repeat this, following graph for number of stitches to be worked.
